Try your hand at fishing under the midnight sun and experience the wonder of nature. 2-4 days, travelling by boat through uncharted wilderness along Kalix River one of Kiruna's most abundant rivers, where the fishing spots are unique. Tumbling rapids interspersed with calmer waters and breath-taking natural beauty, an almost untouched environment, no roads no electricity in the area. Mostly we use the boat for the equipment and transports but it also enables us to access the other side of the river, which gives us a wider selection of places to fish from.
